## Listers' Abstract Completed

The listers completed their abstract Monday and the Monitor is pleased to give a summary of the figures as follows:

Total appraised valuation of real estate for taxation \$1,460,565  
Total appraised valuation of personal est. for taxation \$648,740  
Total deduction for debts owing 53,130

Personal val. for taxation 595,610

Total appraised val. of real and personal for taxation \$2,056,175  
1 per cent of total val. of real and personal \$20,561.75  
Total appraised valuation of taxable polls 2,022.00

Total grand list \$22,583.75  
Town outside of villages 5,709.80  
Barton incorporated village 8,263.75  
Orleans incorporated village 8,610.70  
Town school district 4,439.75  
B. A. and graded school dist. 9,040.55  
Orleans graded school dist. 9,103.45  
This is a shrinkage in the grand list of only \$318, which is considered remarkable since there is an offset law this year. It will be noted that there are 1011 polls, a slight gain over the number last year. The listers found \$162,328.30 worth of five per cent paper, which is exempt from taxation under the law.

It is to be noted that the Orleans list, both village and school district exceeds that of Barton this year for the first time.

## Grade Children in Entertainment.

Nearly 200 children from the public school will take part in the annual entertainment given by the grades, in Seaver's hall Wednesday evening, next, at 8 o'clock. There will be chorusing, dialogues, drills, dramatics and other exercises by the boys and girls. A general admission of ten cents will be charged and the children will sell tickets. ## FIRE DESTROYS TUB SHOP

Complete Destruction of Barton's Leading Industry. Fifty Men out of Work. Loss \$25,000.

Fire broke out about 5 o'clock Wednesday afternoon in the boiler room of the Vermont Butter Tub company's plant during the momentary absence of the engineer, destroying the main buildings, machinery and dry kiln, which contained a large stock of dry staves and thousands of feet of box lumber.

The fire is supposed to have originated in the waste in the boiler room and the flames spread from the waste to the carrier and then to the main shop all so rapidly the workmen were barely able to escape, leaving all extra clothing and tools. The fire companies responded promptly, but had only two effective streams of water with which to fight the flames, which made rapid progress. The Cary Maple Sugar company's warehouse took fire and the storehouse of the E. W. Barron company was threatened, but both were saved by the good work of the firemen although the Cary building was somewhat burned and its contents removed. The firemen deserve credit for keeping the fire from the storehouse of the factory in which between \$10,000 and \$15,000 worth of tubs were stored. But for a favorable wind this building might have been a total loss. The loss of the tub shop takes one of Barton's leading industries and it is not probable that the factory will be rebuilt as the company had contemplated moving the machinery to Maine, where it has standing timber.

The loss is estimated between \$25,000 and \$30,000 and the company carried about \$20,000 insurance. C. T. Hall of Montgomery Center, president of Nelson Hall company and the Vermont Products company and secretary and treasurer of the Vermont Butter Tub company, was in town Saturday to meet the employees of the factory, offering them positions in Greensville, Me. Five men left Monday night and others will go later. The office of the company is at present located in the office of J. F. Batchelder in the Batchelder block. Local Manager Cook says he expects to go to Maine within a few weeks. Fifty men were employed here and are now out of employment. The loss means much to Barton as the company was the largest employer of male help in town.

Oliver Paquette and Mrs. Fred Billedeau and daughter of Hardwick spent Sunday at Joseph Valley's.

Rev. W. A. Warner expects to go to West Wheelock tomorrow to attend the funeral of Ethan Miles.

Mrs. H. A. Healey and little daughter returned from Brightlock hospital, St. Johnsbury, Monday night.

Mr. and Mrs. Eugene Rand of Montpelier were guests at Dr. M. F. Prime's several days last week.

Mr. and Mrs. Homer E. Smith of St. Johnsbury were guests of Mr. and Mrs. Norman Smith over Sunday.

## \$40,000 Farm Deal.

What is probably one of the largest farm deals ever made in Orleans county and one of the largest in the state, was closed here Monday when writings were made between N. C. Stevens and J. G. Moquin of Canada, for Mr. Stevens's Meadowbrook farm near West Glover village. The farm is one of the finest farm properties in every respect and carries about 100 cows. The house is steam heated, electric lighted and contains every modern convenience. The barn is fitted with a modern milking machine, power separator and steam for sterilizing and washing purposes. The farm contains about 350 acres and the purchase price is \$40,000. The barns are said to be the largest in the state and one of the largest in New England. The main barn is 232x44 feet with an ell 102x38 feet and was built only a few years ago. Mr. Moquin has a family of 12 children and takes possession soon. The sale was made through the C. J. Oben Real Estate company.

## PRESIDENTIAL PRIMARY

Vermont Republicans Two to One for Hughes over Roosevelt for President. First Primary Vote Light.

The voters of Vermont had their first experience with a primary yesterday. It was not a full-fledged primary because no nominations were made, but it afforded an opportunity for those who desired to register their preference for a presidential nominee. Because of the late hour at which the polls closed (eight o'clock in the evening) it is an impossibility to give complete returns at this time. From returns at hand it appears that Justice Hughes leads former President Roosevelt two to one, and that President Wilson had practically no opposition in his own party.

## Methodist Episcopal Church Notes.

REV. I. A. RANNEY, Pastor

You are cordially invited to attend all services.

Morning worship, 10.45.

Sunday school, 12 o'clock.

Epworth League, 6 o'clock.

Evening service at 7 o'clock.

Sunday being generally observed as Mother's day, the pastor preached an appropriate sermon the subject being, "Mothers in Israel." No influence is so potent, no inspiration so soul-stirring as a mother's. Mothers give children their ideals, through these comes character and upon character hangs the weal and woe of a nation. By mothers I mean those who have been true to the responsibilities thrust upon them. A mother's influence is next to God's for a true mother never ceases loving her child. Every boy and girl needs a grip that will hold and every mother should see that they have such a grip upon Jesus Christ. No
